

Endless Grace

Joe Blustin

CAPO 2

Am F C
From the darkest pit You wrenched us
Am F C
Where our shame and fear controlled us
Am F C
While still enemies You loved us
Am F C
You made a way

C
We have barely touched Your endless grace
G
Turn and see Christ's beaten blooded face
F
Freedom at such cost, freely given us
C G
You made a way, You made a way

Whilst the darkness chained and choked us
Not but death was all about us
Yet Your outstretched arms have borne us
You made a way, You made a way

F
No longer we're bereft
G
Praise my soul
F
No longer we're bereft
G
Praise my soul
F G F G
Praise my soul, praise my soul, praise my soul, praise my soul
