God, yeah the G. O. D.  
He's the one for you and the one for me  
Creator of the Universe  
His power is at work in us

Jesus died on the cross  
To save the world from total loss  
He is your best friend  
He'll be with you 'till the end - yeah!

Without the bible I'd be lost  
I would not know the big big boss  
Of all creations  
He loves everyone because he's special & cool but God will rule
